Re: In The Matter of Advantage Energy Partners, LLC For A Certificate to Provide Electric Supply Services within the State Of Delaware (Submitted February 2, 2017) - PSC Docket No. 17-0934

Dear Mr. Senff,

The Delaware Public Service Commission ("Commission") is in receipt of an application to broker electric supply service (the "Application") submitted by Advantage Energy Partners, LLC ("Company" or "Advantage") in the state of Delaware. The Application submitted is an earlier version that is not in compliance with the revised Supplier Rules that became effective April 11, 2017. Please complete the revised application on our website at <http://dep.sc.delaware.gov/electric-regulation/> and review the revised Supplier Rules to submit a complete application by August 31, 2017. Please note all subsequent filings to the original Application require a statement of verification.

26 *Del. Admin. C.* § 3001 (the "Supplier Rules") section 2.8 provides that incomplete applications will be closed four (4) months after the filing date. If the application is not completed within the four (4) month time frame the applicant forfeits their application filing fee and must resubmit the application with an additional filing fee. The responses and verifications can be uploaded as a subsequent filing in DelaFile under Docket No 17-0934.

Should you have any questions or if I can be of any assistance you may contact me at (302) 736-7539 or send questions by email to Clishona.Marshall@state.de.us.

Sincerely,

Shona Marshall
